CREDIT

Since September 1933, a two-semester system has been in effect, with the unit of credit being the semester hour. A semester hour of credit represents weekly lecture/recitation of 50 minutes or laboratory exercise of about 110-170 minutes, for the 14-week semester.

GRADES

Effective Fall 2004, the following grading system has been in effect:

A = 4.000	B+ = 3.300	C+ = 2.300	D+ = 1.300
A- = 3.700	B = 3.000	C = 2.000	D = 1.000
	B- = 2.700	C- = 1.700	F = 0.000

AUD = AUDIT (No effect on cumulative average or on credit toward graduation.)
CR = is assigned to work completed through transfer credit or through testing (achievement, advanced placement, CLEP, college board scores) and has no effect on cumulative average.
DR = DROPPED (No effect on cumulative average.)
INC = INCOMPLETE (For students without graduate standing, counts as 0.000 in the cumulative average.)
IF = INCOMPLETE FAILURE (Counts as 0.000 in the cumulative average.)
IP = IN PROGRESS (No effect on cumulative average.)
NR = indicates no grade roster was turned in for the entire class, and has no effect on cumulative average.
P = PASS (No effect on cumulative average.)
SAT = SATISFACTORY (No effect on cumulative average.)
W = WITHDRAWN (No effect on cumulative average.)
WF = WITHDREW FAILING (No effect on cumulative average.)
WP = WITHDREW PASSING (No effect on cumulative average.)
Y = YEAR-LONG COURSE IN PROGRESS. (No effect on cumulative average.)
___ = indicates no grade was turned in for this student. For students without graduate standing, counts as 0.000 in the cumulative average.

Between Fall 1975 and Summer 2004 inclusive, the grading system was the same as the current system above, except:

- The A-, B+, B-, C+, C-, and D+ grades were not awarded. Instead, AB (3.500), BC (2.500), and CD (1.500) midpoint grades were awarded in addition to the other grades listed above.

In the case of repeated courses, all attempts remain on the transcript, with impacts on GPA and credit totals as shown.

FIVE COLLEGE PROGRAM

Courses taken through this program bear a department code including one of the following institutions. These indicate which college offered the course.

@AMH = Amherst College
@HMP = Hampshire College
@MNT = Mt. Holyoke College
@SMI = Smith College

For this program, the student's home institution handles registration and grades.

The official Five College grading system is:

A = 4.000	B = 3.000	C = 2.000	D- = 0.750
A- = 3.750	B- = 2.750	C- = 1.750	E = 0.000
B+ = 3.250	C+ = 2.250	D = 1.000	F = 0.000

COURSE NUMBERING SYSTEM

Since September 1977:

001-099	No Graduation credit
100-299	Undergraduate credit only/lower division
300-399	Undergraduate credit only/upper division
400-499	Undergraduate credit/upper division
500-599	Combined graduate/undergraduate credit
600-899	Graduate credit only

Prior to September 1977:

001-099	No Graduation credit
100-199	Undergraduate credit only/lower division
200-399	Undergraduate credit only/upper division
400-499	Professional courses, no graduate credit
500-699	Graduate credit only, parallels 200-399 courses
700-999	Graduate credit only

Prior to 1965:

001-099	Undergraduate credit only
100-149	Graduate credit only
150-199	Undergraduate/Graduate credit
200-299	Graduate credit only

ABBREVIATIONS KEY

Column Headings:

ATTEMPTED = All credits in which the student was enrolled for the term, regardless of grade. Includes credits taken pass/fail.
EARNED = The credits passed.
GRADE = The grade assigned.
POINTS = The grade points. This is calculated by multiplying the number of credits for a graded course taken at this institution by the numeric value assigned to the grade received. (No grade points are assigned to courses taken on an elective or mandatory pass/fail basis nor any other courses excluded from the GPA per University policy. Note that also, no grade points are shown for F and _ grades, even though the course's credits are being counted into the GPA.)

Statistics Below Each Term:

TERM GPA = The student's Grade Point Average for the term.
TERM TOTALS = Display of, respectively, the sums of all credits attempted, all credits earned, and all grade points from this term's enrollments.
CUM GPA = The student's cumulative Grade Point Average reflecting all enrollments (and, occasionally, other credits) credited to this or previous terms.
CUM TOTALS = Display of, respectively, the sums of all credits attempted, all credits earned, and all grade points for all enrollments, transfer and test credits credited to this or previous terms.

Career Totals:

CUM GPA = The student's cumulative Grade Point Average reflecting all work recorded for this career.
CUM TOTALS = Display of, respectively, the sums of all credits attempted, all credits earned, and all grade points for all enrollments, transfer and test credits credited to this career.

Other:

An "S" preceding the course number was used, at one time, to designate courses taken at the Stockbridge School of Agriculture.
(RPT) or (REPEAT) At the end of the course title was used, at one time, to designate a course repeated.

INSTITUTION OF RECORD

Starting in Spring 2022, the University of Massachusetts Amherst serves as the institution of record for Academic Programs International (API). All courses reported from API are considered to be at the baccalaureate level. No attempt has been made to assess other academic levels (e.g. upper or lower division).

UMass Amherst also serves as the institution of record for several defunct institutions including Mt. Ida College, Bryant and Stratton Junior College, Chamberlayne Junior College, Coyne Electrical School, Grahm Junior College and the New England Institute.
